MOTOR CARAVANNERS' CLUB: RISK ASSESSMENT

GENERIC RISK ASSESSMENT: Site				
Risk	Group(s) at Risk	Rating L/M/H	Control Measures	Stewards Check
Vehicle Access, Exit and Fire	Any Unit on site	Low	All Units shall be sited as to leave a minimum distance of 4M between facing sides of motor caravans, and at least 3m between awnings. A clear roadway of at least 6m should be maintained between rows of motor caravans and should always be clear giving emergency vehicles space to manoeuvre and have access to every unit on site. A clear passageway of 3M should be maintained between adjacent awnings when extended and the gap should not be blocked with windbreaks or any other apparatus. All vehicles should be able to leave the rally site without obstruction, driving forwards.	
Vehicle Fire	Any Unit on Site	Low	All Units should carry their own fire equipment. In the event of a fire personnel must vacate the unit the Fire Brigade must be notified. If safe to do so, without interfering with the Fire Brigade arrival, neighbouring units may be moved, and the fire may be fought with that equipment available on site. Vehicle horns should be sounded as an alarm.	
Injury of persons on rally site by vehicles	Members attending the rally. Authorised visitors. Members of the Public.	Low	A maximum 5mph speed limit shall be always observed by all vehicles. No unlicensed or learner driver shall be allowed to drive a vehicle including a motorcycle or motorised scooter (except for genuine use of a disability scooter). Movement of vehicles on the rally site will be discouraged other than for – entry or exit, re-siting a unit, transport of essential group equipment, disability scooters.	
Movement of Motorhomes after dusk, risk of injury to members and property due to bad light or darkness	Members and their guests.	Low	No vehicle movement after dusk unless pitching up with the aid of a marshal or host. If a medical emergency occurs, the host to be notified if possible and the vehicle to be escorted by host or marshal.	
Illness due to contamination of drinking water	Members attending the rally. Authorised visitors.	Low	There should be separate taps for drinking water and rinsing of chemical toilets, which should be clearly marked.	
Safety of children on a rally site	Children of members and authorised visitors	Low	The safety and behaviour of children always shall be the sole responsibility of the parents or guardians.	

MOTOR CARAVANNERS' CLUB: RISK ASSESSMENT
